THE POSTER OF GIANLUCA COSTANTINI YOUR BEST MESSENGER

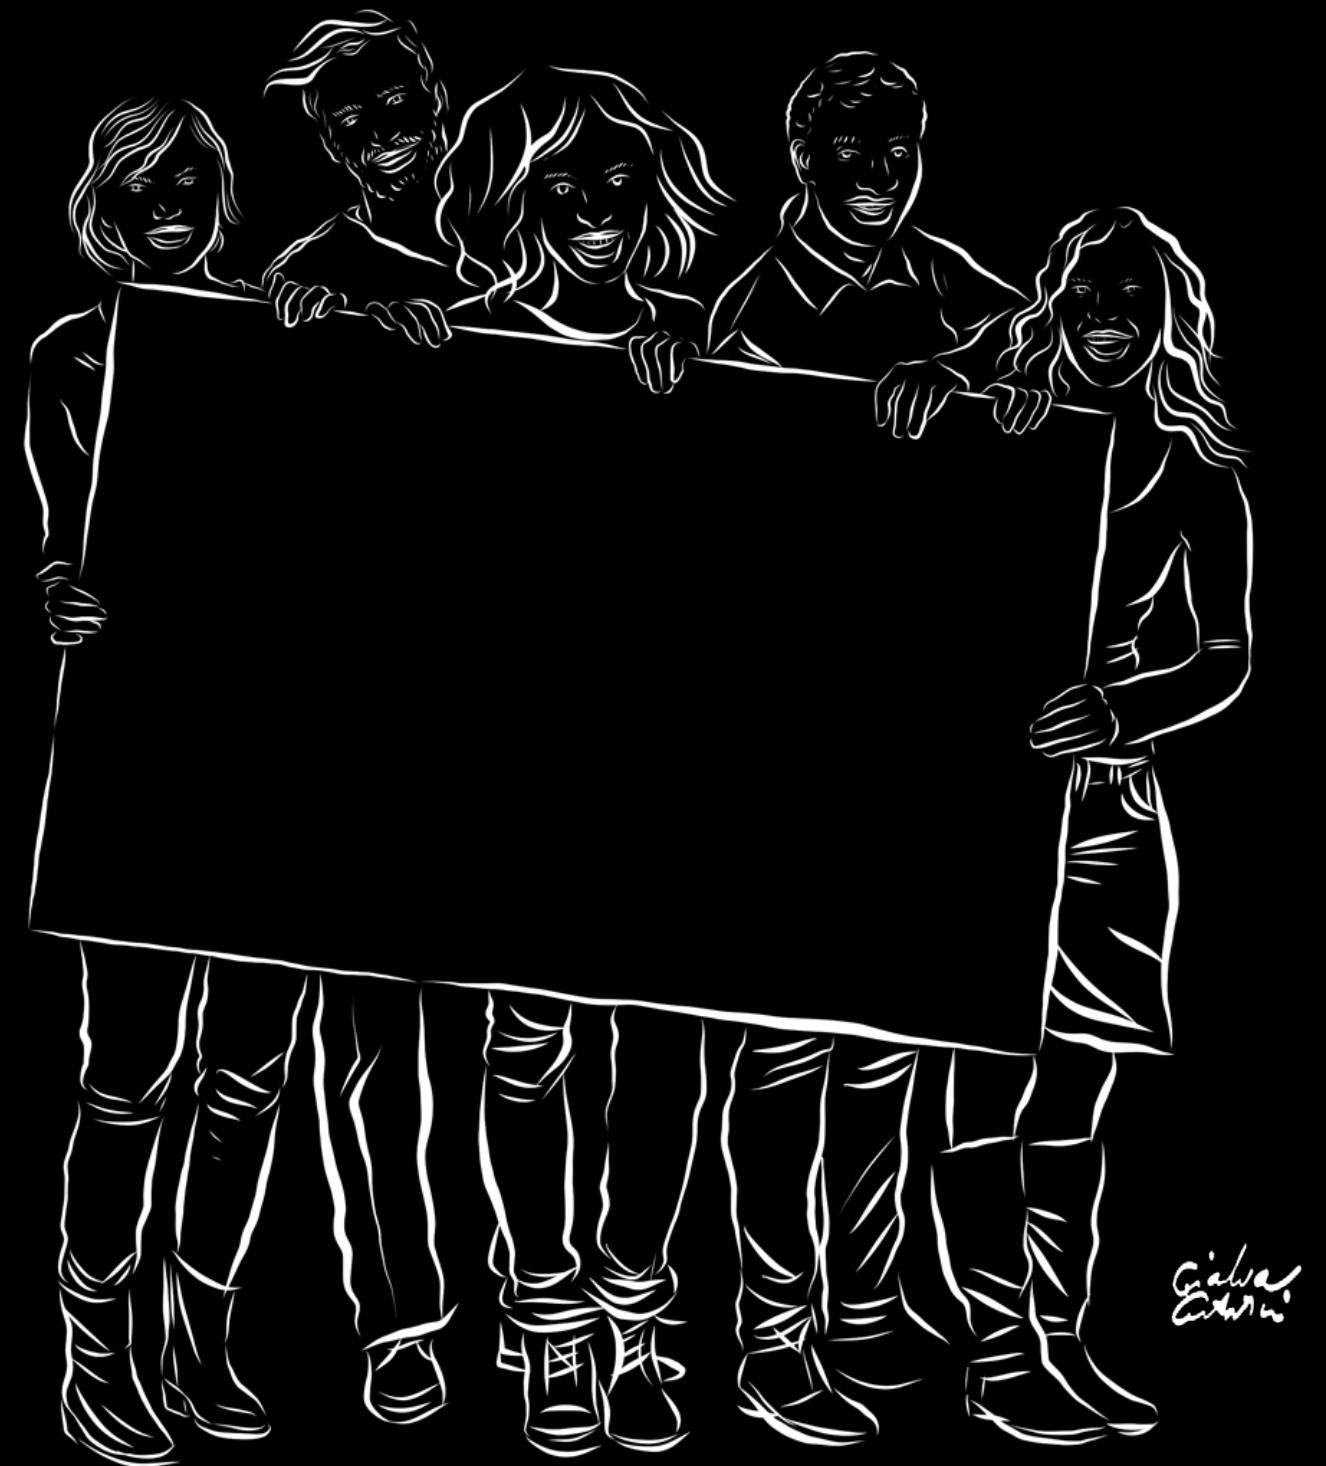

With his creativity and his devotion for human rights, Gianluca Costantini a.k.a **Channeldraw**, created an original drawing which everyone can upload, print and put it everywhere.

On your office building, in the streets, in the public transports, on cars: simply take it from our website and feel free to customise it with your own messages and logos !

ORGANISE AN OUTDOOR ACTIVITY - ON A PUBLIC SPACE

A Small Human chain

A flash mob taking the shape of a human chain can send an effective message of solidarity (all for one, one for all).

Material needed: banner & you can also print out each article (30 in total) of the Universal Declaration of Human Rights. You will find at least one that matches your work!

Capacity: around 30 people

Be visible in public spaces

Hang the poster

The poster is available in A3 and A4 format and can be adapted to other formats upon request. It is very easy to print it. Feel free to put it in the free advertisement places, like free notice boards in the cities (a list of such places exists for France) or near bus/train stops or simply on your office building.

A spontaneous forum for public expression

You can give everyone the possibility to speak out about the problems they are facing or the solutions they are proposing, all you need is a megaphone (and the banner)..

Material needed: megaphone, banner.

Capacity: at least 15 people.

Regardless of the activity you are organising, don't forget to take pictures and share them with us using the social media **#NoDayWithoutUs**

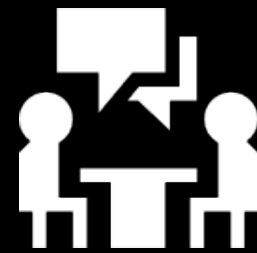

ON 10 DECEMBER

Raising awareness in your neighbourhood

It is an excellent way to promote the joint Action Day and will stir debates among your local communities on the added value of your work. Door-to-door activities or reaching out to passers-by in open spaces and discussions will make your neighbourhood familiar with what you are doing.

Material: posters of NoDayWithoutUs, information materials up to you. How to use the posters? You can take pictures with the people involved and share on social media with #NoDayWithoutUs. Capacity: from 5 people onwards

Open space activities (ex. fairs)

Parks can be a good ground for activities. You can really use your imagination. Everything will be shared in social media.

Materials: Desk, posters, banners, something to engage with citizens, promote your activities, speak about the added value of NGO work.

Capacity: at least 20 people. How to use the posters? Put them in your desks, or in any place visible.

STAYING INSIDE? NO PROBLEM

Organise a press conference...

Link the action day campaign with your own agenda and voice your own concerns. Being part of a transnational Action Day will put them into a broader perspective and can attract media!

Materials: ECF will provide with a press release to be published by all organisations involved on 10/12. Use all the other campaign materials

... or an original small-scale event!

There are excellent ways in gathering together people from a community and reflecting upon the role of civil society organisations in upholding Human Rights.

In your premises, a cultural centre nearby, the café at the corner, a movie theatre or in a university: there are many places up to host an event.

What kind of events?

- Evening lectures, podcasts or other materials that translate the work you are doing.
- Town hall meeting on the Declaration of Human Rights ([available here in more than 500 languages here](#))
- A movie screening followed by a debate: numerous movies are available for free or upon request and can stir debate on CSOs and Human Rights' issues ([here](#), [here](#) or [here](#)).

REGARDLESS OF THE DATE OF YOUR ACTIVITIES, LET US KNOW ABOUT THEM AND LET THE OTHERS KNOW.

**TO THIS END, PLEASE USE [OUR FORM](#) AND WE WILL PIN IT TO THE [MAP OF EVENTS](#).
FEEL FREE TO EMBED THIS MAP INTO YOUR OWN PAGES AND WEBSITES.**

ANNOUNCE IT ON FACEBOOK, WE WILL ALSO SHARE YOUR EVENT ON THE GENERAL [FACEBOOK EVENTS' PAGE](#)

YOUR ACTIVITIES ARE VALUABLE - SPREAD THE WORD

Use social media

As mentioned above, a dedicated webpage will display all the media content published on Twitter, Facebook and Instagram by all the organisations involved which use the action day **#NoDayWithoutUs**. You can also create your own content ([see Download](#)) and share it online.

Contact journalists

In addition to the op-ed, send press releases announcing your event, tag journalists on social media to invite them to your events or media conferences.

Strength in numbers

The more we are, the better. Rather than acting alone, we encourage all mobilised actors to think about joint activities and show solidarity with each other.
